FORM #1

Site Specific Dance Rules of Engagement: Choreographers

Date:

I understand that I will be choreographing for a site-specific performance project. I agree that I will abide by the following rules:

I must seek permission from the owners/institution to do the dance on site, and I must abide by all rules required from the owner/institution, etc.

I will turn in a description of the proposed plan to the instructor of the course.

The instructor will determine if there are any unreasonable dangers at this site. If there is concern, the instructor will invite at least one other faculty member and/or Head to the site to assess if the risks are beyond reasonable. I will be notified immediately if the site is determined to be unsafe, at which time I will be required to select a new location.

If the site is approved, I will take all precautions to ensure the safety of my dancers.

I will require all dancers in the project sign a right of refusal form, and I will turn this into the instructor of the course by the first day of rehearsal.
